ATTACHMENTS

ATTACHMENT A – MONTHLY REPORT

I. DEFINITIONS

- A. California Complete Count Committee (CCC) – The committee is an advisory panel that helps to develop, recommend, and assist in the administration of a Census outreach strategy to encourage full participation in the 2020 Census.
- B. Census Bureau – An agency within the U.S. Department of Commerce and the preeminent statistical collection and dissemination agency in the United States. The Census Bureau conducts approximately 200 different annual surveys in addition to the decennial census of the U.S. population and publishes a wide variety of statistical data about people, housing, and the economy of the nation.
- C. Census Champion – A trusted messenger who is recommended by a local community organization, institution, or agency involved in census outreach. Selected volunteers are required to complete Census 2020 training and participate in meetings or webinars to be equipped to disseminate accurate and up-to-date information to community members, collect pledge cards, aid peers in filling out the census form, and serve as Census spokespersons.
- D. Get Out The Count (GOTC) – Collaborative organizing campaign featuring the nonprofit and public sectors, community based organizations and other partners to educate communities about the importance of and to maximize participation in Census 2020.
- E. Hard To Count (HTC) – Groups or populations who historically have not responded well to the decennial census questionnaire, or are expected to be undercounted, hard to locate/reach or persuade for purposes of Census 2020 completion. HTC populations include, but are not limited to:
- Racial/Ethnic minorities,
 - Immigrants and Refugees,
 - People with disabilities,
 - Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQIA+),
 - Seniors/Older Adults,
 - Children Ages 0 – 5,
 - Veterans,
 - Areas with low broadband subscription rates and limited or no internet access,
 - Households with low income or limited English proficiency,
 - Farm-workers and rural residents,
 - Renters, and
 - Those who are homeless or have unstable/nontraditional housing.
- F. Household (HH) – A person or group of people who occupy a housing unit as their usual place of residence. The number of households equals the number of occupied housing units in a census.
- G. Inland Empire Complete Count Committee (IECCC) – The IECCC seeks to coordinate efforts and link services to streamline the work of various stakeholders and meet the County's 2020 Census goals. Stakeholders encompass the public, non-profit and for-profit sectors from both San Bernardino and Riverside counties, include organizations that represent each state's identified HTC communities, and are considered trusted messengers. The goal of the IECCC is to increase the HTC population response rate in the Inland Empire via information sharing, education outreach, and coordination of work to avoid duplication.
- H. Limited English Proficiency (LEP) – Individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English can be considered limited English proficient. These individuals may be entitled to language assistance with respect to a particular type or service, benefit, or encounter. Executive Order 13166 states that people who are LEP should have meaningful access to federally conducted and federally funded programs and activities.
- I. Outreach Plan – The Contractors' plan describing how and when outreach activities will be provided for the 2020 Census.

- J. Pledge Card – Written commitments collected by trusted messengers in their communities which allow residents to opt into future communications through mail, phone, texts, or email. All residents who have opted into future communications will receive two (2) contacts, one before self-reporting begins and one during the months of March and April 2020 while census is live. Pledge card drives will begin in July 2019 with a concentrated push and continue until February, 2020.
- K. Privacy Act – The Privacy Act of 1974 requires that each federal agency advise respondents of their rights. Specifically, each respondent must know under which law the information is being collected, how the information will be used, whether he or she must answer the questions, and the consequences of not answering.
- L. Questionnaire Assistance Center (QAC) – Staffed location where local residents can get support for census questionnaire completion in multiple languages. QACs can be established at a public venue such as a library, school or post office, and house staff who can provide support to local residents for census questionnaire completion in multiple languages. The QACs must be targeted in the HTC communities, deliver trustworthy information, be culturally and linguistically competent, provide questionnaire assistance and options for self-respondents, and address barriers to promote complete self-response.
- M. Self-Response – When a household completes and returns the census questionnaire in a timely manner via internet, mail, or phone, directly to the Census Bureau without requiring a census worker to visit in person to obtain a response. Self-response will be available online from March 12, 2020 through April 30, 2020.
- N. Statewide Outreach and Rapid Deployment (SwORD) – An interactive mapping portal to foster data sharing, coordination and collaboration to help identify language gaps and redundancies. SwORD will be utilized to identify and locate hard-to-count populations and the languages that need to be covered in the region and enable partners to upload data and information to identify where outreach occurred. Partners will be able to see where gaps in services exist locally and regionally, as well as resources such as libraries, community centers, and businesses.
- O. Title 13 (US Code) – The collection of laws under which the Census Bureau operates. This law guarantees the confidentiality of census information and establishes penalties for disclosing this information. It also provides the authorization for conducting census in Puerto Rico and the Island Areas.
- P. Trusted Messengers – An individual who is well-integrated in his or her community and has a history of volunteering there. These individuals communicate clearly and persuasively within their institutions and circles of influence, and are able to bring others on board to commit to completion of Census 2020 goals.

II. PURPOSE

Large portions of the County of San Bernardino have historically been hard to count or are anticipated to be less likely to respond due to the current political climate. In order to ensure a thorough count of all residents in Census 2020, the County strives to work with trusted community partners to educate, motivate, and activate residents in participating in the census. The County will collaborate with cities and local community-based organizations to inform the general public of the importance of completing the census questionnaire. Critical to this goal is to avoid duplication, identify outreach gaps and fill them accordingly. Contractor will implement outreach to encourage full participation and avoid an undercount as stated in the Governor's Executive Order B-49-18. The County's vision is to ensure that HTC communities and populations in the County are accurately counted in the 2020 Census, thereby achieving the highest self-response rate possible for California.

III. BACKGROUND

The U.S. Constitution requires the federal government to count all people residing in the United States through a national census every ten (10) years, to ensure equal representation and fair allocation of government resources. The next National Census Day is April 1, 2020. The results of the census serve to assist in important community decisions like where to build homes, parks, schools, and roads and

where to offer health, childcare, and transportation services. Businesses also rely on census data to determine where to open facilities, what products to develop, and how to market their services.

California has historically been the hardest-to-count state in the nation. In 2016, about 75% of all Californians belonged to one or more groups that tend to be undercounted. The County of San Bernardino is home to many of these hard to count groups. Approximately 34% (or 717,591 people) of census tracts in the County are likely to be very hard to count, according to Census Bureau estimates that draw on demographic characteristics and historical trends.

- 20.9% of residents are foreign born
- 41.1% speak a language other than English at home
- 7.3% of children are under 5 years old
- 7.6% of persons have a disability
- 14.5% of residents are at or below the federal poverty rate

The County will not only face challenges from HTC populations that are least likely to respond to the census but also from a growing distrust in government, including the following challenges: the concern over whether a citizenship question may be reinstated might discourage immigrants who are facing an uncertain climate; an online survey that has security challenges and poses barriers for vulnerable communities and populations without digital access and computer literacy; and concerns about what the census data will be used for and whether it will remain confidential.

Undercounting the population could have significant and negative impacts not only for San Bernardino County, but the State of California in terms of federal funding for critical community programs, representation at all levels of government, and data used for decision-making across sectors. If segments of the County are not counted in 2020, their voices may not be fully considered when making important budget, program and policy decisions.

In July 2018, the County began collaborating with Riverside County, University of California (UCR), the non-profit sector, and other stakeholders to begin 2020 Census activities and create a strong, community based Complete Count Committee. Self-response will be available online from March 12, 2020 through April 30, 2020. Beginning in May, the Census Bureau will begin sending enumerators out door-to-door to count people who did not self-respond.
